

CANNES XR

MARCHÉ DU FILM

ONLINE

Cannes XR and Tribeca Film Festival
are happy to invite you to the

CANNES XR OPENING PARTY

on **Wednesday 24 June**

from **22:00** to **23:30** (Paris time)

Miro Shot in collaboration with Overview Ark, and DJ Neil Armstrong will present a groundbreaking live music and virtual performance, capturing the spirit of innovation and storytelling at Cannes XR and Tribeca film Festival for the first ever opening party in virtual reality.

This event is accessible to online and VR Users. For VR users, please make sure to Download the MOR application in advance as we anticipate a significant downloading time. The application will be made free on June 23 on [Steam](#)

For online users, the event is accessible via a 2D Stream on [the Marché du Film](#), [Tribeca Film Festival](#) and [Kaleidoscope](#) websites..
